3.	In the Polish part of Sudnoujscie the Polish navy keeps two rapid notor boats ("scigacze"), the ODMZWY and the BLYSKAVICZWY. The ODWAZWY is commanded by an ensign named Suicczka, and the BLYSKAVICZWY is under the command of Lt. Jozef Paulisiak.		
4.	Some military equipment which probably originated in the Soviet Union was recently sent to Swinouiscie by ship. The equipment includes artillary pieces possibly 150 mm, with unusually long barrels. Other equipment includes bulldozers, wire, and steel plates. German workers are not being used in fortification work in Swinouiscie; all labor seems to be done by Russians

Persons desiring to travel from Odra-Port to Cwinoujscie who are not pernamently desicited in the latter port, rust obtain special permission from the M.D.P. in Odra-Port for this trip, and permission is usually not given. All entrances and exits to port areas in Swinoujscie are closed by sentries and patrols when the Soviet authorities want to keep close check on information concerning movement of ships and equipment. Porsons living in Swinoujscie are often stopped for document checks, and Soviet street patrols made up of sailors and soldiers circulate the streets both day and night. These patrols are armed with rifles and fixed bayonets, and check Soviet personnel as well as civilians. The presence of sailors on these patrols is a recent
